

State of California
AIR RESOURCES BOARD
Executive Order DG-011
Distributed Generation Certification of
ReliOn, Inc.
T-2000 Fuel Cell

WHEREAS, the Air Resources Board (ARB) was given the authority under California Health and Safety Code section 41514.9 to establish a statewide Distributed Generation (DG) Certification Program to certify electrical generation technologies that are exempt from the permit requirements of air pollution control or air quality management districts;

WHEREAS, this DG Certification does not constitute an air pollution permit or eliminate the responsibility of the end user to comply with all federal, state, and local laws, rules and regulations;

WHEREAS, on November 6, 2006, ReliOn, Inc. applied for a voluntary DG Certification of its 2-kW, T-2000 fuel cell and whose application was deemed complete on November 29, 2006;

WHEREAS, the ReliOn, Inc. hydrogen-fueled T-2000 fuel cell is a zero-emission technology;

NOW THEREFORE, IT IS HEREBY ORDERED, that a DG Certification, Executive Order DG-011, executed at Sacramento, California on December 5, 2006, is hereby granted.

This DG Certification:

- 1) is subject to all conditions and requirements of the ARB's DG Certification Program, article 3, title 17, CCR, including the provisions relating to inspection, denial, suspension, and revocation;
- 2) shall be void if any manufacturer modification results in the device no longer being a zero-emission technology;
- 3) shall be void if marketed to be fueled by any fuel other than industrial-grade hydrogen or ultra-high-purity hydrogen; and,
- 4) shall expire on December 5, 2010.
